

Agenda

Embracing Sustainable Construction Practices: Lessons from Germany's Building Industry for New Zealand Retrofitting

08.45am - 09.15am

Registration and Welcome Coffee

09.15am - 09.30am

Welcome by GNZCC & BMWK

Introductory remarks from the German-New Zealand Chamber of Commerce (GNZCC) and the German Federal Ministry for Economic Affairs and Climate Action (BMWK).

09.30am - 09.45am

Introduction to EcoVolution Alliance

Discover the journey of EcoVolution Alliance - Shaping the future with innovation, sustainability, and purpose.

09.45am - 10.30am

Presentation of a current Project by EcoVolution Alliance

The EcoVolution system in action - Transforming the world of sustainable retrofit practices.

10.30am - 11.15am

Keynote Address

Keynote speech by Florian Antretter, c3rro, a distinguished researcher and forward-thinking entrepreneur whose expertise has significantly shaped the field of building science.

11.15am - 11.30am

Networking Break

11.30am - 12.45pm

The EcoVolution Technology: Engage in Practical Application or dive into Design & Planning

Option 1: Practical Application Session - Unlock the secrets of synergy as individual retrofit components unite to deliver game-changing results.

Option 2: Designing & planning Session - Immerse yourself in Building Science and uncover the potential of EcoVolution Technology in real-world retrofit designs and plans.

12.45pm - 02.00pm

Lunch Break

Agenda

02.00pm - 03.30pm	Epic Exchange Experts unpack the transformative power of retrofits, exploring their impact on health and economics and addressing retrofit challenges and costs of inaction.
03.30pm - 3.45pm	Rapid-Fire - Igniting Synergy for Collective Success The EcoVolution Alliance unveil their expertise and passions.
03.45pm - 04.15pm	Q&A session Interactive Discussion - Your chance to ask questions and engage with experts.
04.15pm - 04.30pm	Closing Remarks
from 04.30pm	Connect and Engage Meet with EcoVolution Alliance at interactive stations and mingle with other attendees.
